Please check type of award for which student is being nominated:

- Community Service Award** – a student (or a group of youth for a group award) who have a passion for volunteering and have exceeded expectations in volunteering at school, church, or community organizations. *Hours counted toward the LOHS community service graduation requirement or other community organization service requirements are not eligible.* That being said, a student who goes above and beyond required number of hours is certainly a worthy candidate.
- Personal Achievement Award** - For youth that have demonstrated a dramatic positive change in attitude or behavior, overcome a significant obstacle (health, family situation, etc.), or have made a strong, positive academic turnaround.
- Good Citizen Award** recognizes a student who demonstrates **consistent** behaviors that contribute to a kind, accepting, and inclusive environment in their classrooms, school, or other community groups. We are looking for students who you would characterize as kind, empathetic, helpful, friendly, and/or inclusive. These are the types of students who would invite a friend to join the group or stand up for a student who is ostracized.

To have a student considered for an award, please be as detailed as you can when describing why you are nominating this young person: Please write a paragraph that would be suitable for publication and review by the nomination committee. Please provide the following: What organization has the young person been involved with? If volunteer service, when did this take place and for how long? What was the impact of this activity on others? If you are aware of other worthwhile activities this young person has been involved in, possibly in a different setting, please include. Do not include any sensitive personal information.
